

# KISHAN PATEL

BACKEND & DATA DEVELOPMENT - SEEKING INTERNSHIP / APPRENTICESHIP  
2026-2027

Drancy, France | Driving License (B) | kishan.patel21@outlook.fr | +33 7 61 90 02 91 | linkedin.com/in/kishan-patel | github.com/kishannnpatel | kishanpatel.fr

Third-year Computer Science student (BUT – University Bachelor of Technology, a 3-year Bachelor's-level degree – Data Management track) at IUT de Montreuil - Universite Paris 8, building end-to-end backend applications and data systems: PHP/MySQL, Qlik Sense, AI agents.

## SKILLS

|                       |                                                                                              |
|-----------------------|----------------------------------------------------------------------------------------------|
| Programming Languages | Python, Java, JavaScript, PHP, SQL, C                                                        |
| Databases             | PostgreSQL, MySQL, MongoDB; conceptual & logical data modeling (ERD), querying, optimization |
| Backend & Web         | Flask, PHP (MVC), REST APIs, application security (CSRF protection, session management)      |
| Data & BI             | ETL, data cleaning & preparation, Qlik Sense                                                 |
| AI & Cloud            | Generative AI agents (GenAI / Agentic AI), Prompt Engineering, Snowflake                     |
| Tools & Methods       | Git, Linux, JUnit 5, design patterns (Factory, Singleton, Strategy)                          |

## PROFESSIONAL EXPERIENCE

- Customer Experience Intern - Automation & AI Agents** - Elementum Apr - Jun 2026
  - Built automations (variables, functions, conditional logic, loops, REST API calls) within a generative AI agent environment (GenAI / Agentic AI).
  - Configured AI agents and their tools to address concrete business use cases, on the Snowflake stack.
  - Developed an unconventional testing method that improved agent reliability in production.
- Manager's Assistant - Retail & Restaurant Operations** - J'adore Paris / NaanShaan Since 2021
  - Oversaw day-to-day operations across two locations: inventory management, team coordination, and customer relations.
  - Independently handled administrative follow-up and performance tracking for both businesses alongside full-time studies.
- Receptionist** - Fasthotel Dijon Jun - Jul 2022
  - Welcomed guests and independently managed reservations, including during peak periods.

## ACADEMIC PROJECTS

- Campus Bar Management Platform - Full-Stack Web App** - IUT de Montreuil 2024 - 2025
  - Designed and deployed a PHP application using MVC architecture, connected to a 19-table relational MySQL database.
  - Implemented 4 user roles (customer, bartender, manager, super admin) with fine-grained access control.
  - Secured the application with CSRF protection, session management, and 6-character payment code generation.**Stack** - PHP (MVC), MySQL, HTML/CSS, phpMyAdmin
- Air Quality Analysis - Data Warehouse & BI** - IUT de Montreuil 2025 - 2026
  - Designed a data warehouse (star/snowflake schema) from 3 heterogeneous public sources (OpenAQ, urban data, economic indicators).
  - Cleaned and prepared the data (missing values, outliers, normalization) and optimized the related SQL queries.
  - Built interactive BI dashboards in Qlik Sense to analyze pollution factors.**Stack** - SQL, PostgreSQL, ETL, Qlik Sense
- Multiple-Choice Quiz Engine** 2025 - 2026
  - Built CSV parsing to load and validate quizzes; wrote JUnit 5 tests covering nominal and error cases.**Stack** - Java, Maven, JUnit 5
- Java Games (Zelda-like, Connect Four, Battleship)** 2023 - 2024
  - Built 3 JavaFX applications featuring AI algorithms; applied MVC, Factory, and Strategy design patterns.**Stack** - Java, JavaFX

## EDUCATION

**BUT (Computer Science) - 3<sup>rd</sup> Year, Data Management Track** - IUT de Montreuil - Universite Paris 8 2023 - 2027  
**Technological Baccalaureate** - Lycee Marcel Cachin, Saint-Ouen 2020 - 2023

## LANGUAGES & SOFT SKILLS

**Languages** - French (Native) · English (Advanced) · Gujarati (Advanced) · Hindi (Advanced)  
**Soft Skills** - Autonomy · Attention to Detail · Teamwork · Problem-Solving
